

K-LOVE is the station that I listen to whenever I am in my car.
This station is what my children listen to at home, often at night
when they are going to sleep.
K-LOVE is the best station of its kind in the Omaha market. I moved
from Kansas City, MO and while living there, I never found a station
like K-LOVE.
When my friends visit me in Omaha, they comment on the quality of
this station. Their music selection is current and invigorating.
Omaha is a transient city that benefits greatly from the programming
of K-LOVE.
I would be greatly saddened if K-LOVE were replaced by an LPFM
station.
